EXCELLENCE WITH INTEGRITY

2023-2024

OUR MISSION

To educate, train and inspire our children to become
leaders of competence and character

HOW DO WE DO THIS?

By establishing as a premier educational institution by serving as an association and foundation of influence to support our enduring mission of developing leaders of competence and character.

Director's Message

We believe that a person who walks on the path of "Excellence with integrity", can be trusted to do quality work every time without question, no matter the task. Excellence goes hand in hand with integrity for him/her. These are the qualities we want to inculcate in our children.

At Veteran's Air Force School, we demonstrate excellence by setting and pursuing high standards of professionalism and competency. Integrity is promoted by supporting an honest and ethical environment. These values guide all the members of our school, not just the students. From day one these values are memorized and internalized to serve as the foundation and unifying element of the members' commitment to themselves and the society.

Therefore in keeping with our motto 'Excellence with integrity', V.A.F.S. aims to provide holistic education to help every individual child achieve his or her true potential.
